

Join us this PD Day for a live online session on

A Teacher's Guide to Energy : Giving Life and Creating Change

Calling all Rhode Island Teachers!

 Wednesday, May 11, 2022

 2.00 PM - 6.00 PM ET

Opportunity to earn up to 16
on-demand Continuing Education units
for teachers

Who should attend ?

If you are an educator and have a passion for sustainability, we need you! GBRI has partnered with the RI EERMC to provide **FREE** energy efficiency training for K-12 teachers in Rhode Island.

If you are unable to join our live session, we encourage you to register anyway. A recording of the session will be emailed to all registrants.

Upcoming in-person sessions will be held in Rhode Island in July, September & October

Why should you attend?

Join us as we help guide you through an energy-focused lesson plan that can be modified to suit your students' needs. It has a focus on the NEED Energy Curriculum, which highlights energy information specific to Rhode Island. K-12 teachers will have access to our fully customizable energy-focused curriculum with interactive activities & student engagement ideas.
